

REPUBLIC OF GREECE
MUNICIPALITY OF ZAKYNTHOS
MAYOR'S OFFICE

Zakynthos, 01/03/2012

Protocol No:

**Mr Francesc Mulet, Esq.,
Mayor of Valldemossa**

in the care of:
Dr. Wolfgang Lohnert, Esq.,

Dear Mayor,

I am very pleased to inform you that the Municipality of Zakynthos is greatly honoured to accept the proposal of brotherhood (twinning) with the city of Valldemossa, having in common the expressed interests of the Late Archduke Louis Salvador for our two islands and our desire to make accessible the archives and the collections of documents of the Late Archduke, for matters of historical interest and research.

We also appreciate and support the success of the project you are developing, «Archduke Ludwig Salvador's New Documentary Fund in Valldemossa», believing that the Fund could be very important for Zakynthos as well, as all the archives and documents of that time were destroyed by the devastating earthquake of 1953.

As for the submission of an application for the support of the project by the Culture Programme (2007-2013), Chapter 1.2.1. Projects of EU cooperation, I can assure you that the Municipality of Zakynthos will be available for any assistance you may need, or even participate in this as an international partner or as a partner brotherhooded (twinned) with the Municipality of Valldemossa.

Looking forward to the day of twinning our two Municipalities, I wish you every possible success to your objectives and targets for the city Valldemossa, and remain,

Sincerely Yours
The Mayor of Zakynthos

Stelios Bozikis
